

OLBAS OIL

Aromatherapy Massage Oil and Inhalant

Inhalation: This completely natural essential oil formula delivers invigorating and soothing sensations to the nasal and bronchial areas. Inhaling the vapors from a tissue sprinkled with Olbas Oil quickly stimulates and enhances the breathing passages. Try adding 20 drops of Olbas Oil to a bowl of hot water, place a towel over the head and breathe vapors in deeply for 5 to 10 minutes.

Body Massage: Apply Olbas Oil generously and gently massage the body. Stimulates surface circulation and delivers comfort to tired muscles and joints. Can be used for full body massage or as a spot massage at pressure points for quick effect.

Head: Massage a drop or two directly on the forehead and temples (Avoid contact with eyes).

Sore, Aching Feet: Massage directly on feet or add 25-50 drops of Olbas Oil to a dishpan of hot or cold water and soak feet for 10 to 15 minutes.

Compress: Add 10-20 drops of Olbas Oil to a bowl of hot or cold water. Submerge a cloth in the water, wring it out and place it on the desired area. Hot compresses feel soothing for aching bodies; cold compresses feel refreshing on the forehead.

Ingredients: Essential oils of Peppermint, Eucalyptus, Cajeput, Wintergreen, Juniper and Clove. Available in 10, 25 & 50cc bottles.

What is Olbas Oil?

Originating in Basel, Switzerland over 100 years ago, Olbas Oil contains six essential oils - each with a unique value of its own. Essential oils are nature's way of maintaining wellness. These oils are carefully extracted from traditional plants and blended by Swiss herbalists, making the formula truly unique. This natural formula contains six essential oils that provide extraordinary benefits:

Peppermint

✿ **Peppermint Oil** is an aromatic stimulant that quickly enhances breathing passages.

Eucalyptus

✿ **Eucalyptus Oil** promotes oxygen absorption and relaxes the respiratory muscles.

Cajeput

✿ **Cajeput Oil** is very soothing to bronchial and sinus passages.

Juniper

✿ **Juniper Oil** stimulates the metabolism and supports the immune system.

Wintergreen

✿ **Wintergreen Oil** has a warm, soothing effect when used in massage, and offers a pleasant aroma.

Clove

✿ **Clove Oil** is a strong, stimulating aromatic.

Olbas Oil inspired the development of the entire line of Olbas Herbal Remedies.

Testimonials From Olbas Users:

"I use it for everything! On the head, for stress, muscle aches, sinus pressure and to enhance breathing. Tiger Balm used to be my favorite - now it's Olbas!"

- K.S., Santa Fe, New Mexico

"I have been on prescription drugs for hay fever my entire life. This past summer I started using the Olbas Inhaler and for the first time in my life I did not have to take any drugs during hay fever season... and this was a bad year. I just wish I had tried Olbas earlier."

- D.G., Via Email

"Olbas Herbal Tea is the only thing that works for my bronchial area, when not even vitamins or antibiotics help. It opens, relaxes and soothes my lungs so that I can breathe easily all day."

- C.S., Kendall Park, NJ

"Your inhalers are incredible, if not addicting. The Olbas bubble bath has soothed many an aching muscle, and I've had quite a few. I was losing my voice to a sore throat, and along came Olbas Pastilles. They are amazing. When nothing else would open my head, they did. As far as my sore throat, I have NEVER had anything take away the pain immediately and COMPLETELY the way they did. Thanks again!"

- R. H., Leesport, PA

"I am completely amazed at the effectiveness of Olbas cough syrup!! I bought Olbas just to give it a try, and have had 3 consecutive nights of uninterrupted sleep. It is the most effective I have encountered."

- J. W., Ann Arbor, Michigan

"I was introduced to Olbas Sport during my training as a massage therapist and have found nothing else to be its equal. Also, my clients are very fond of it."

- M.L., LMT, Nashua, New Hampshire

"Went to the rain forests in Borneo, Indonesia...used Olbas on bee stings, muscle sprains and strains, insect bites, rashes, on the head, and as a mosquito repellent...it's the single most important first-aid medication we used.""

- K.M., Citrus Heights, California
