

Olbas®

OIL

POWER TO BREATHE®

Aromatherapy & Massage

Benefits:

Inhalation: Ah, the Power to Breathe! This completely natural essential oil is a natural way to support your nasal and bronchial passageways, providing relief with every drop. The precise Swiss formula contains a blend of gentle essential oils which release penetrating vapors to the system, enhancing the breathing passages and releasing relaxing aromatics into the air.

Body Massage: Olbas Oil also serves as a soothing massage oil to help stimulate circulation at the surface of the skin, bringing comfort to aching muscles and joints. Whether used as part of your aromatherapy massage or in post-workout recovery, this natural wonderworker supports endurance, performance and deep relaxation.
