Testimonials From Olbas Users:

"I love, love, love the Olbas Inhaler! It works on my stuffy sinuses which I have had since I was 6 years old. I am 64 now and still have sinus difficulties. Used to have to get drugstore products but no more. I could not do without my Olbas Inhaler."

"I use it for everything! On the head, for stress, muscle aches, sinus pressure and to enhance breathing. Tiger Balm used to be my favorite - now it's Olbas!"

- K.S., Santa Fe, New Mexico

"I have been on drugstore products for hay fever my entire life. This past summer I started using the Olbas Inhaler and for the first time in my life I did not have to take any of these during hay fever season... and this was a bad year. I just wish I had tried Olbas earlier."

- D.G., Via Email

"Olbas Herbal Tea is the only thing that works for my bronchial area, when not even vitamins or drugstore items help. It opens, relaxes and soothes my lungs so that I can breathe easily all day."

- C.S., Kendall Park, New Jersey

"Your Inhalers are incredible, if not addicting. The Olbas bubble bath has soothed many an aching muscle, and I've had quite a few. I was losing my voice to a sore throat, and along came Olbas Pastilles. They are amazing. When nothing else would open my head, they did. As far as my sore throat, I have NEVER had anything take away the pain immediately and COMPLETELY the way they did. Thanks again!"

- R. H., Leesport, Pennsylvania

"I am completely amazed at the effectiveness of Olbas Cough Syrup!! I bought Olbas just to give it a try, and have had 3 consecutive nights of uninterrupted sleep. It is the most effective I have encountered."

- J. W., Ann Arbor, Michigan

"Thanks, Olbas, for the Sugarfree Lozenges! They are almost as strong as the Olbas Pastilles. But they taste MUCH better. I like that they are made without sugar. The packaging is great too - the cards are easy to slip into my shirt pocket. They really work great, too!"
