

POWER TO BREATHE[®]

Olbas[®]

SALVE

PAIN RELIEF

+ COUGH SUPPRESSANT
+ TOPICAL ANALGESIC

Uses: Cough Suppressant: When applied to chest and throat, vapor action temporarily relieves cough due to minor throat and bronchial irritation occurring with the common cold or inhaled irritants. Temporarily relieves the intensity of coughing to help you get to sleep. **Pain Relief:** When applied to muscles and joints, provides temporary soothing relief of sore, aching muscles and joints, backache, and arthritis pain.

Directions: Adults and children over 2 years: **Cough Suppression:** Rub a thick layer on throat and chest. Cover with a warm, dry cloth if desired. Keep clothing loose about the throat and chest to help vapors reach the nose and mouth. Use up to three times daily or as directed by a doctor. **Pain Relief:** Apply generously to the affected area, and massage gently until absorbed into skin, not more than 3 to 4 times daily. **Children under 2 years:** ask a doctor.

Safety sealed tube. Do not use if inner seal on tube is punctured or damaged when purchased.

Active Ingredient: Menthol (2.8%) **Purpose:** Cough Suppressant, Topical Analgesic

Inactive Ingredients: cajeput oil, cetearyl alcohol, cetyl alcohol, clove oil, eucalyptus oil, glyceryl stearate SE, hydrogenated peanut oil, juniper oil, peppermint oil, propylene glycol, sodium cetearyl sulfate, water, white soft paraffin, wintergreen oil.

Warnings: For external use only; avoid contact with eyes.

Do not use: by mouth, in nostrils, on wounds or damaged skin, with tight bandages, or other than directed.

Ask a doctor before use if you have: persistent or chronic cough as occurs with smoking, asthma, or emphysema, or a cough that occurs with excessive phlegm (mucus).

When using this product, do not: heat, microwave, or add to hot water or any container where heating water. May cause splattering and result in burns.

Stop use and ask a doctor if: muscle aches and pains worsen or persist more than 7 days or clear up and occur again within a few days, irritation develops, cough persists for more than 1 week, tends to recur, or is accompanied by fever, rash or persistent headache. A persistent cough may be a sign of a serious condition. If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Manufactured by: Hanseler AG, Herisau, Switzerland CH-9101. **Imported, Packed & Distributed by:** Penn Herb Company Ltd., Philadelphia, PA 19154
